

**Concentra Medical Center
Nashville, Tennessee**

Owner's Representative:
Concentra Healthcare
Addison, Texas

Architect:
CSI / Co-Source

Construction Duration:
5 months

Contract Amount:
\$ 285,741.00

Project Description:

Project consisted of a multi-phased renovation of the existing 4,650 square foot Concentra Facility. The entire electrical system, heating and cooling systems and plumbing system were replaced. The heavily used facility had to remain in full use throughout construction. Wieck construction developed the phasing and sequencing plans to accomplish these goals. In addition, significant field research was done during the design phase to evaluate the existing conditions and assist the architect to design around the problem areas.
